

OC Dive Boat SCUBA Charters - Group Rates

Group rates are available for dive groups of six divers for a two tank dive charter. In order to secure a date for a group trip and receive the group rate, the group must issue a 25% deposit of the total group cost. The date will not be held without the deposit. The balance of the total group cost is due seven days before the scheduled trip.

Groups are responsible for paying for the **entire** committed group reservations whether or not they sell or fill the spots they reserved. Groups are also responsible for screening the divers they bring for proper experience, training, equipment and prerequisites required for the dive sites the group representative selected. All divers will be screened at the dock by the boat Captain and divers who arrive unqualified or without proper certifications will not be permitted to dive and will not be offered a refund.
